

## Spring 2018

### SALES NEWS:

**Resale's:** Home Values are rising, listings are increasing and this Spring's market is looking to be the strongest in many years! Farmwood Village has become a destination and prospects are making contact with us on a daily basis. What a great time to be in the selling mood. We are off to a very active start to the 2018 sales market as homes are selling, the market is improving, and we are here to exceed your sales need every step of the way! If you're thinking of selling your home, call Mary or me or send us an email at [c.macdonald@jensencommunities.com](mailto:c.macdonald@jensencommunities.com) or [m.Lemieux@jensencommunities.com](mailto:m.Lemieux@jensencommunities.com).

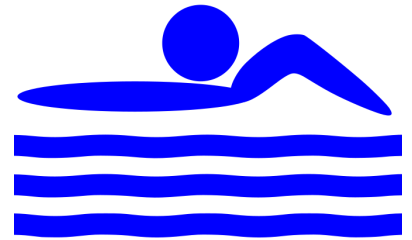

*Remember our Referral Program? Please don't forget, Farmwood Village is a "destination place of residence" for all the reasons we value and wanted when we decided to move here. Help to continue the Farmwood Village standard of excellence and at the same time earn a "Thank You Referral Reward Check" equal to one month's rent. Refer a friend or family member and we'll do the rest to help someone else..... "Get in on the good life"!*

**Trash Collection:** Just a quick note that due to the upcoming Holidays (May 31st—Memorial Day, and July 4th—Independence Day) your trash will be picked-up on Friday instead of Thursday.

### COMMUNITY NEWS:

**SUMMER HELPER:** We are looking for a "Summer Helper" this season to assist us with keeping our community standing tall. He/She will assist in our landscaping needs (mowing, trimming, etc.). Yes; this is a paying position and if you're interested please contact me at the sales office.

**Spring Clean-up:** A "BIG" Thank You for your efforts to begin Spring clean-up around your home sites. It makes everyone's eyes happy to see the wonderful results of your raking and prepping up your flower beds. Remember we will be selecting our "Prize Home Site Awards for 2018" in early Summer. The pride and effort you put into maintaining your lawns and flower beds will result in two (2) residents selected to receive a check equal to one month's lot fee! We anticipate this to be a tough but friendly competition and many of you are already off to a great start! **Good Luck to all of you and let the contest begin!**

**Pool Opening:** For all you sun-worshippers and swimmers, we'll be opening the pool on **May 26th** for the Memorial Day weekend. I've attached a copy of the "Pool Rules and Regulations" and encourage you to familiarize yourself and family members with them to ensure enthusiastic compliance and full enjoyment of the pool by everyone. Also, please remind everyone that they must dry off prior to entering the recreation center. In addition, guests under the age of 16 **must** be accompanied by a community home owner, and each homeowner is limited to a maximum of two (2) guests. If you need a pool key, please stop by the Sales Office and purchase one for \$5.00.

**Trash Containers:** Free Food and “Lotsa” Fun: Occasionally we experience a situation where our flying feathered friends and four-footed woodland creatures attack garbage and trash that has been put out for collection. This occurs when the resident fails to containerize the trash and leaves it lying along the curb in plastic bags. Not a pleasant sight or experience! As such, **our policy** regarding garbage and trash requires that it be placed in a **covered container**. The trash container(s) must be at curbside **by 7AM on Thursday’s (not Wednesday’s)**. After your waste has been picked you are required to collect the container(s) and return them to their designated area **out of sight, either in your utility building or patio area, not your front porch, front of your home or driveway**. Also, we work very hard to keep our community clean and we continue to pick up trash (coffee cups, wine bottles, beer cans, etc., )that people throw out of vehicles. From time to time we actually see this occurring and when we approach the culprit it’s a pretty embarrassing situation for them. So you never know who’s watching, please do your part and deposit your trash in the proper place.

**Boat Racks:** Canoe’s, kayaks and other small crafts are not permitted to be stored on your home site unless they are stored in your Utility Building or under your home. For those of you who we haven’t spoken to yet please ensure your crafts are properly stored. We will be constructing our canoe rack in the RV lot shortly as this will be available on a first come first serve basis contact the sales office to reserve your slot.

**Are you Adhering to your Rental Agreement?** Many of you have spoken to or received a letter from me concerning your home sites. I have been out walking around doing what we hear most from residents which is to ensure that the Rental Agreement is being adhered to. In doing so, I need you all to take a look at the following and please address these items before hearing from us:

- Building Materials—extra framing lumber, plywood, blocks and the like should not be stored outside of the utility building or behind your home after a project has been completed. Properly store these in your utility building or remove them from the Community.

- Debris and Junk—Random items should never be allowed to accumulate on a deck, patio, three season room, at the back of homes or utility buildings.

- Personal Items—including bikes, toys, grills, coolers, folding chairs and the like need to be properly stored out of sight and not left around the yard, house, or shed.

- Yard Equipment & Tools—Need to be stored inside a shed or your home as most applicable.

- Lawn Furniture Randomly Used in Yards—Each home has a patio or deck for lawn furniture to be placed. This does not mean you cannot have a larger family picnic in your yard and move these items to your yard for the event. However, after the function these items must be returned to the patio or deck area.

**Projects:** This time of year were all very excited to get outside and rejuvenate our homes, however, remember that if you plan to create a garden, install planters, privacy fencing, repair/replace decks, etc. that you must first complete the project request form or provide a **written request and not start the project** until to receive our approval letter back. Any question please contact me

**Pet Droppings:** Yes; this continues to be an issue! Pet owners have a non-negotiable responsibility to pick up the doggy doo deposited by their pet. If you’re walking your pet they are not permitted to roam on other resident’s home sites, this includes mailbox posts. I’ve had several recent complaints from both residents and maintenance crews that they’ve inadvertently stepped in or mowed over a pile of pet poop. This also pertains to **your own home site** as you are required to clean up after your pet on a **weekly basis**. Having this happen tends to diminish the level of one’s happiness; so PLEASE monitor and pick up after your pet.

In closing; Enjoy the beautiful Spring as our plantings start to come out of hibernation!.

# Farmwood Village

## POOL RULES & REGULATIONS

### HOURS OF OPERATION

Pool Opens: 6:00 AM to 9:00 PM (7 Days Per Week)

Pool Will Normally Be Closed from 8:00 AM to 10:00 AM For Cleaning
